BIG BALL GAMES SATURDAY EVENING

Strawberry short cake! blueberry pie! Victory! Are we in it? Well, I guess, Tonopah high school T. H. S. Tonopah high has great hope of being in it next Saturday when the Tonopah and Goldfield high schools meet at the Tonopah high school gymnasium for the second big event of the season.

Tonopah was successful last Saturday in carrying home the "bacon" from Goldfield, but Goldfield has made a solemn vow that they shall not be beaten again. For this reason if for some other it promises to be some game.

Each team is in good condition and waiting for the fatal moment before they take their places on the floor to play one of the best games of basketball and baseball that has ever been played in the high school gym. The teams are about an even size and although they are small they make up in speed. The boys are to play basketball and the girls indoor baseball. Some of the girls claim they are relatives of Ty Cobb and Matthewson and they can sure prove it.

Come and see. Let's go to the big game Saturday, 8 o'clock, in the school gym. It promises to be one of the most speedy and best events of the season. C. H. S. '15

LAND RECLAMATION MEASURE IN HOUSE

CARSON CITY, March 13.—The assembly had under consideration for a very brief period the bill providing for an appropriation of \$1,000,000 for establishing rural homes for returning soldiers and sailors or others who wish to take advantage of the provisions of the act. The bill finally was referred to the committee of the whole, as soon as it was discovered that it carried an appropriation. The action was taken in accordance with an assembly rule which requires that all appropriation bills shall be considered by that committee.

The bill is not likely to be considered by the committee of the whole till late in the week as a result of many committee reports being brought in yesterday.

DANGEROUS BLAZE PUT OUT BY WEST END MEN

At 7:15 this morning one of the truckmen of the West End mine observed a woodpile in the yard of John Delk blazing away in the high wind at a rate that menaced adjacent property. Engineer Cochrane started the whistle which caused other employees to rush in and extinguish the blaze. The wind was in the wrong direction and the fire department failed to receive the signal. In recognition of the service rendered Mr. Delk presented the West End topmen with box of cigars.

STATE HIGHWAY HEAD TO BE IN SOUTH MARCH 25

C. C. Cottrell, state highway commissioner, has asked for a special meeting of the Clark county board of commissioners for March 25 when final arrangements in the Las Vegas-Beatty highway matter will be gone over. Mr. Cottrell will be accompanied by Senator E. W. Griffith and they will make the trip from Carson by automobile, inspecting the new route on their way here.

LOCATION BLANKS is triplicate. In book form, on sale at Bonanza of flea.

EFFECTIVE VACCINATION

DIVIDE BOOM BRINGS SUNDAY TRAIN

(Continued from Page One)

The operations of the Tonopah Divide Mining District at or near Tonopah have rapidly assuming boom proportions and that, therefore, the conditions from a passenger transportation standpoint are markedly different from what they were during the summer of 1913, when the Sunday train service was eliminated. This was made entirely clear by the testimony of the representatives who appeared on behalf of complainant and also by a number of telegrams from prominent mining companies and citizens at Tonopah which were read and made a part of the record. It was made to appear that the operation of a daily passenger and mail service between the aforesaid points was essential and justifiable in the face of the new conditions presented.

General Manager Foster testified for the railroad and gave the commission full and comprehensive details covering matters relating to the operation and the business of the road. From the testimony it is noted that, toward the close of the year 1913, and during the opening of the current year, there has been a very heavy falling off in certain mining operations upon which the railroad has heretofore depended in large part for its traffic and its revenue that, as an effect, very substantial economies have been effected and in lieu thereof, the inauguration of a consolidated mixed freight and passenger train service which is operated fully except Sundays, between Mina and Tonopah and Goldfield, these operations covering a road mileage distance of approximately 100 miles further, that as a result of the closing down of the Tonopah Mining company's mill at Millers, there has been eliminated the ore-train service between Tonopah and Millers.

The testimony of record also shows that in connection with this

\$60 BONUS FOR MEN OF ARMY

All discharged officers, soldiers, field clerks and nurses of the army are entitled to a bonus of \$60 upon honorable separation from the service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of deceased soldiers. Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay. Those who have been discharged and have received their final pay without the bonus should write a letter to the Zone Finance Officer, Lemon building, Washington, D. C., stating their service since April 4, 1917, the date of last discharge and their present address to which they desire certificate or military order for discharge and both, if both were issued. Upon receipt of this information the check will be issued in the order in which the claims were received. The discharge certificate will be returned with the check.

It is estimated that a million and a quarter persons have been discharged of this act and while payments will be made as expeditiously as practicable, it will manifestly take considerable time to write and mail this many checks.

This information was received this morning by the Nye county selective service board.

distribution of traffic and revenue the postoffice department has reduced the pay for carrying of the mail and heavy parcels post to and from Mina, Tonopah and Goldfield, including that for and from Manhattan and other outlying points, from \$5000 per annum to \$4880, or an average daily compensation of only \$14.50 for the carrying of the mail in both directions. It is shown that this payment does not compensate the company for the salaries of those employees whose services are devoted to the care and handling of the mail and parcels post and, therefore, instead of producing any revenue whatever to the company, this service results in a dead loss. To say the least, this is a miserable pittance and, incidentally, it is indicative of the policy which is pursued by the federal government and be regarded treatment which it accords to some railroads in the matter of railway mail pay.

DR. GIBSON DIES IN HOSPITAL ON COAST

Dr. Samuel C. Gibson, prominent Washoe county physician, died at 5:30 o'clock Wednesday afternoon in a hospital in San Francisco, whither he was removed Sunday night following an illness of a week.

Dr. Gibson went to Reno in 1895 and was one of the most prominent physicians and Democratic political workers in the city up until his death. He was superintendent of the Nevada insane hospital from 1904 until 1911, being appointed to the position under a Democratic administration and served until the election of a Republican governor.

ST. PATRICK'S CONCERT AND DANCE NEXT MONDAY NIGHT

The ladies of St. Patrick's church have arranged an excellent musical program for the entertainment of their friends who attend at the Alder Monday night. During the evening Father Fleming will deliver a short discourse appropriate to the day and, after the concert the floor will be cleared for dancing. Irish airs will furnish the dance music.

SNOWSTORM MAKES ROOM FOR A RAINY NIGHT

With a strong southeast wind blowing all night and today a short lived blizzard sprang up this afternoon which gave way to rain which is forecast to continue during the evening. The wind reached a velocity of 36 miles an hour at 9:30 this morning. During the night the gusts exceeded that velocity but failed to register as they were not continuous.

Say "Thank you" as if you mean it.

PERSONAL

CHARLES F. STARR, the insurance man from Reno, is registered at the Mizpah hotel.

JOHN J. HENNESSY, assistant secretary of the Spanish Belt mine, motored out to that property this morning.

THOMAS KEANE, the mining man formerly of Goldfield and Round Mountain, was an arrival today from the coast.

H. M. THOMPSON, mining engineer from San Francisco, is spending a day in camp and will return to the coast tomorrow.

MR. and MRS. C. WESTERMAN have removed from Mason City and taken the Soller home at Cross avenue and St. Patrick street.

GEORGE WINGFIELD is at Fallon and is expected here Sunday morning, according to telegrams received by his associates here.

H. C. BROUGHER, president of the Tonopah Divide and Brougher Divide mining companies, is spending the day at the two properties mentioned.

WALTER C. LAMB, one of the owners of the Tonopah Miner, came in from Reno today. He says nothing else is talked of up state but the Divide activity.

GURNEY GORDON, general manager of the Como Con. mine and mill at Dayton and a large stockholder in the Round Mountain Fairview, was among the arrivals this morning.

CHARLES KIELHOFFER, who located the first claim in the Gold Reef district, is here after an absence of five months. He is proud to see every prediction he made last fall come true.

MR. and MRS. FRANK K. PITTMAN were passengers today for Carson City where Mr. Pittman has to appear in court. After that has been disposed of the journey to San Francisco will be resumed.

CHARLES J. SLAVIN, undersheriff, is expected to return from Los Angeles Saturday evening as his mother has improved greatly and there is no longer any apprehension regarding her recovery.

H. A. RICE, who is connected with the Borden Condensed Milk company, arrived in Tonopah this morning for the purpose of looking over the Divide section with a view of making investments for himself and associates who are looking to the mines for certain returns.

YELLOW PINE MINE HAS SERIOUS FIRE

A fire of unknown origin discovered at about 10 o'clock Thursday morning, completely destroyed the shafthouse and main hoisting machinery of the famous Yellow Pine mine at Goodsprings, entailing a loss estimated at \$10,000 in machinery, all of which was fully covered by insurance. It is not known how the fire started, but is thought to have caught in waste oil in the plant.

An electric hoist, compressor and two semi-Diesel engines were practically destroyed. The mine will be closed down for about 60 days. There was nobody injured.

Work has begun on a new calcining plant at Goodsprings, which will take care of the men thrown out of work by the fire.

AMUSEMENTS

CLARA KIMBALL YOUNG AT BUTLER TODAY

The attraction at the Butler today is Clara Kimball Young, in her select pictures. "The Claw" the scenes of which are laid in the Kaffir country of Africa and many wild animals indigenous to that continent are shown in the earlier scenes—hippos, buffaloes, lions, tigers and elephants. In fact the charming star has to face one of the animals at close range during a night spent on the trackless wild and it is the sound of her resolute as she fires at the gleaming eyes of the beast, that brings Major Anthony Kinsella, or "Kim," the hero of the story to the rescue. "The Claw" is by far one of the best vehicles Miss Young has had for some time. It possesses an unusual plot which is worked out against the colorful background of South Africa with dramatic intensity relieved by a suitable character development and a charming love story. Miss Young plays the role of Mary, the London girl who visits her brother in South Africa and there falls in love with Major Kinsella. It is a thrilling story of great outdoor life, in which the versatile star is seen riding buckskins, fighting the lions and crossing alone by night the lonely African veldt. Added to the program, "The News" and five standard screen comedies.

Tomorrow beautiful Elsie Ferguson in "The Danger Mark" and "Bray" and "The News" and five standard screen comedies.
